

A new concept of leisure and living spaces with Pership

Posted on

Enter the era of contemporary living with Exotic Asian Living concepts from Pership – the fastest, easiest, most cost-effective and customisable way presently, to build a living space.

With its increasing awareness in Sri Lanka, Pership delivers a new dimension of stylish leisure and living, having being awarded the contract of building a 12-roomed eco hotel in the Uva province of the country. This Hotel will be a first of its kind to have all its rooms designed out of shipping containers catering to the ever increasing tourist arrivals in the Country.

Pership guarantees the highest of international standards in technology and fabrication methods are fast becoming the chosen contractor with its customised container living spaces which are delivered within a short period of time.

A new concept of leisure and living spaces with Pership

Pership with its Exotic Asian Living being the sole contractor chosen by UHE Leisure Properties has embarked on developing the eco hotels in the UVA province. In the near future the international and Sri Lankan leisure traveller can experience the unique concept of a truly “Out of the Box experience In a Box”.
