The interior of Akase Kade

‘Akase Kade’ was re-launched after extensive re-furbishment. The restaurant is located 13 stories above Colombo’s coastline and harbour. This super chill top floor restaurant has great service, amazing cuisine and wonderful ambience for perfect private or group dining in cool air conditioned comfort. ‘Akase Kade’ excels in preparing an array of dishes including a selection of tasty Sri Lankan food as well as its signature ‘Seafood Hopper’ meal.

Alongside the cosy restaurant is an open balcony for viewing the scenic beauty of the city. The mezzanine floor coupled with wooden flooring, speak of warmth and hospitality.
