Amaran Medicentre brings out the beautiful you

Posted on

Amaran Medicenter is a medical institution registered with the Ministry of Health with an in-house advisory medical board of Plastic Surgeons, Dermatologist and Laser experts and experienced technicians. Amaran offers a wide range of laser and other technically advanced machines that are approved by The Food and Drug Association of USA.

All treatments have rapid healing time that gives an outcome on all skin types with minimal chances of infections. It is safe with no anesthesia, no downtime, very little discomfort and is conducted under a doctor’s supervision. If you suffer from acne, surgical including caesarian scars, traumatic scars, burn scars and stretch marks, Amaran can provide the solution.

Amaran’s hair removal machine has the ability to remove hair on legs or arms unbelievably fast—45 minutes for the whole body.

Amaran aslo has a wide range of other treatments such as tightening of slack skin—wrinkles, naso-labial folds, crow’s feet, frown lines, bunny lines, arms, tummy neck, thighs, double chin, love handles and buttocks. They also offer fat mobilisation, which is the non surgical method of reducing unwanted fat through the Stimulus use of Monopolar radiofrequency and ultra sound.
