

Cattleya Villa Celebrates One Year

Posted on

A room with the Cattleya Orchid theme

First in the chain of Cattleya Leisure, the Cattleya Villa is more than a resort. Located one kilometre inland from the main Hikkaduwa beach, the villa is built on one acre of pure serenity and complemented by the surrounding greenery. Keeping with the Cattleya Orchid theme there are five beautifully appointed suites designed and fashioned to provide the ultimate in luxury while preserving much needed simplicity. Pink Jenmanni and Blue Vanda Master suites, Green Tenius a King Suite, Purple Vanda and Yellow Aurea Queen suites bring thematic effects, conveying tranquillity, friendship and love to influence your senses through aroma, colours and unique interior design concepts.

“This July, Cattleya Villa celebrates one year. It is just the beginning for Cattleya Leisure. In the near future we hope to expand our brand. It has been a tremendous experience not just for me but my staff too. We understand that service is more than just a number on a bill. That is why we choose to deliver personalised and genuine attention, warm smiles and customised hospitality creating the feeling of your very own ‘home away from home’,” says Chathurika Fernando, Proprietor - Cattleya Leisure.

To add to their celebrations a special 25 percent discount on all rooms in the month of July

and August will be offered among other offers.
