The Cinnamon Grand has brought back the Supper Club experience with an improved menu of food and beverages. The much loved Supper Club will be the sequel to Sohan and the X-periments, every last friday of the month. While the Supper Club opens its doors from 8.00pm to 1.30am, the Happy Hour is on till 10.00pm. Offering half priced drinks, it’s a great way to get your evening started and to get the dance floor in full swing.

“We’ve had so much demand to bring back the Supper Club that we decided to open Sequel once again to recreate the much loved Supper Club experience. Of course we’ve added a few touches here and there, so as to take the experience a notch higher,” said Travis Casather, Manager of Food and Beverages – Cinnamon Grand Hotel.
