The Breeze Bar – a perfect place to unwind

Cool cocktails, breezy beverages, or just freshly squeezed juice by the pool – in the mornings, this is the place where guests can head to after a splash in the aqua blue water of the hotel pool. In the afternoon it’s a hotspot for informal meetings over a mug of ice cool beverage, a simple snack or meal. Come evening, and the Breeze Bar is the ideal location to wind down with some classic mocktails and cocktails after a hard day at work. The happy hour from Monday to Thursday offers 30 percent off all drinks. Friday Breeze offers 50 percent off on everything between 5pm and 8pm.

Five weekly bands offer a repertoire of music thoughout the week. The bar’s juggler Cheshan Buddhika is a local celebrity keeping everyone captivated as he throws the shakers, mixers and up to five wine bottles through the air simultaneously in a performance that has made him Sri Lanka’s Flairing Champion.
