ck dress watch

Two classic ck watches by Calvin Klein are now available at W A De Silva stores in Sri Lanka.

The ck dress watch for women was created and launched in 1997 and has grown to become a classic ck timepiece, with its uniquely bold graphic design. The ck dress has been redesigned recently to match contemporary femininity, and has become softer and more flowing, inspired by the spirit of Calvin Klein’s most recent design lines. The watch is available in small and medium sizes, in black or white mother of pearl and black and white mother of pearl with two diamonds. Each watch is

finished with a discrete ck Calvin Klein logo at
12 o’clock.

The ck surround is a functional and accessible timepiece for men, with all the elements of a classic men’s watch. The ck surround has a black crocodile pattern leather strap that suits any wrist, and is offered in a polished stainless steel case and black or silver dial, a PVD yellow gold case and silver dial or a PVD rose gold case and black dial. Each style features hour and minute hands that match the colour of the case, and a discrete ck Calvin Klein logo at 12 o’clock.
