The chic ambience of Curve Lounge and bar

Curve is the newest addition to Harpo's Cafes & Restaurants group. A trendy Lounge and Bar set in the Park Street Mews complex, adjacent to the restaurant, offers authentic Tapas, an extensive bar menu with live music.

The architect designed lounge with a curved bar inspired the name for the lounge and is the highlight of the new addition. The chilled and relaxed ambience invite

guests to enjoy the authentic Tapas of crab croquettes, salt and pepper squid with Aioli, Jamon, Bruschetta, Patatas Bravas along with lunch specials, a refreshing beverage menu and ice cream specials.

Curve offers home-made ice creams with flavours of Burnt Caramel and Chai tea and many more for you to discover. The Sorbets come in spiced apple and strawberry flavours. The other speciality is "Liqueur and Ice", that is unique to Curve including spice apple with cognac and passion fruit with bacardi or vanilla with baileys to name a few.

The Vault at the Curve also features a unique Single Malt and Cigar bar. At night the Bar comes alive with mood lighting and live music from Wednesday to Saturday from 9 pm onwards; a mix of neo-jazz and soul, and original renditions of 80's-90's hits, grooves that anyone can identify with.
