

Destiny Mall and Residency offers opportunity for foreign nationals

Posted on

The Destiny Mall and Residency is due to complete construction in June 2017. Imperial Builders aims to repeatedly offer buyers both local and overseas an opportunity to invest in a luxury apartment or retail space in the heart of Colombo at prices which offer great value for money. Foreign nationals have been allowed the opportunity of purchasing apartments above the fourth floor to further strengthen the sales figures of Destiny Mall and Residency.

“We at Imperial Builders wish to thank the Government and authorities for expeditiously clarifying the above and forwarding a clear direction. This was a concern for our portfolio of multinationals and expatriates and now the matter is put to rest,” commented Dilshan Kodituwakku, Head of Sales and Marketing.
