

Eco-Friendly Honeymoons With Heritance Hotels And Resorts

Posted on

An eco-friendly honeymoon lets you start your life together right, by protecting the earth for present and future generations. Heritance Hotels and Resorts offer eco-friendly honeymoons with a blend of romance and eco-responsibility.

Located amidst verdant jungle, calm waters and rocky mountains, Heritance Kandalama offers a honeymoon where one can wake up to bird calls, stunning vistas, profuse foliage and luxury. Heritance Kandalama is flanked by two UNESCO world heritage sites – the 1st century BC Dambulla rock temple and the 5th century AD Sigiriya rock fortress.

A hill country hotel, Heritance Tea Factory, is the honeymoon spot to unwind and relax. Journey to the top of the world across a limitless mountain vista adorned by a green carpet of tea plants and be rejuvenated by the pristine mountain air. With its cosy interiors and delectable cuisine, this award winning theme hotel will be the perfect place to start life together.

Heritance Ahungalla, offers five star luxuries for a honeymoon on the beach. The endless pristine white beaches, ultramarine expanse of the Indian Ocean, salt-spray breeze and tropical sun create the backdrop for a honeymoon getaway.

Choosing a Heritance Hotel or Resort for a honeymoon means choosing an earth friendly hotel whilst still being able to enjoy all modern luxuries and most importantly minimise one's travel footprint.
