The classic timepiece, ck stately

Elegant, contemporary watches and jewellery by Calvin Klein for the modern woman of today is now available at W A De Silva stores.

The ck stately is one of the classic Calvin Klein timepieces. The delicate and modern lines of this watch evoke an effortless sophistication. ck stately is composed of a smooth bracelet that features a repetitive, multilayer design which is seamlessly integrated with a classic case.

The ck undulate is a collection of designs which are ideal for the modern, feminine woman. Sleek and rounded shapes converge in this new set, which showcases wavy, sensual forms, offered in either stainless steel with yellow gold PVD or pink gold PVD.

One of the necklaces feature a solid plaquette pendant on a stainless steel snake chain with a length of 550mm, while a second necklace is made of a 6mm wide band that hangs on an 800mm long stainless steel snake chain. The ring is designed with one band adorned with a solid plate on top.
