Exploring The Island with Nearby.lk

Posted on

nearby.lk is a service which guides you to locate places anywhere around Sri Lanka.

It can help you find a garage to get your car repaired or attractions to drop by on your excursion. nearby.lk is conveniently accessible on your home computer or mobile phone.

The best thing about nearby.lk is that it is simple to use. It comes with an uncluttered interface, and lets you get straight to the point: simply make your entry in the ‘Look For’ box and ‘Near’ box and hit Enter. The results will be listed according to relevance and distance.

Click on an item and you will find a page full of information about that place. The information contains a short description, contact information and a pin point to the place in a map. Then if you click on the ‘See in google maps’ link you will find the route to travel from the map.

nearby.lk can be your ultimate companion if you’re on a joyride to the hill country, in the mood for some shopping or outing around town. What’s more all this convenience doesn’t cost you a dime.
