Paper Moon Kudils opened its doors on May 24, 2015 in unique style where little children from the Lakshmi Sana Samuha Nilayam together with the children of the staff and surrounding area were treated to a party. There were 54 children in total. The ceremonial opening was symbolised by the cutting of five cakes by the children and singing Happy Birthday to Paper Moon Kudils. The colourful spread on the table was a novel experience for the children and adults as well. Gifts were presented to the children by the staff of Paper Moon Kudils and guests, and then each person took the children to see the pool before taking a group photograph, which signified the end of the children's party. The festivities

continued into the night with dance performances and good music. The highlight of the night was the 22.5 kg fish that was barbecued and served with seafood platters to all those present.
