

High quality dental treatment at Park Hospitals

Posted on

Among other services offered by the hospital, highest standards of dental care are available at the dental clinic at Park Hospitals. This centre of excellence offers the complete spectrum in dental care by leading dentists and dental surgeons specialising in dentistry and cosmetic dentistry.

Situated in Narahenpita, Park Road, Park Hospitals is a vital location in the surrounding neighborhood as well as in the Colombo district.

Formerly known as St Lukes Nursing Home and Neptune Hospital, it was established in 1976 and has over three decades of experience in the healthcare sector. The hospital was then subjected to a refurbishment project after which the institute was rebranded as Park Hospitals in 2010.
