

Intimate poolside dining at Casa Colombo

The new dining lounge by the poolside, Casa Serena

The gloriously refreshing, almost jewel-like pink pool has always been a highlighted topic among the visitors of Casa Colombo and many already love lounging on their luxurious sunbeds while feeling the breeze of the trees, which surround the area. Casa Colombo has accommodated private and intimate dining at the poolside in the past on special occasions and found it to be a hit amongst the patrons who experienced it. The customer reviews fuelled the inspiration behind their latest venture, 'The Poolside Dining Lounge'.

The tables are set on one side of the pool at a lower level, which gives the diners a more private dining experience. Ideally designed for a couple, the plush seats can comfortably seat four people at one table. The area is lit up during the nights by candlelight for a more intimate ambience, which makes it perfect for a romantic date.

The poolside dining lounge is open from 10am to 10:30pm and it also makes for an ideal venue for a lunch with your friends and beat the heat with one of their signature cocktails or a smoothie. When ordering, you can choose from the HVN, T-Republic & Tapas menus for food and the ZAZA Bar menu for cocktails and drinks.
