Jetwing Hotels unveils collection of luxury properties

Posted on

Haridra Resort & Spa by Jetwing

Jetwing Hotels has added a collection of boutique villas and properties to their portfolio or resort hotels.

Mosvold Villa by Jetwing is a brand new property built on the beachfront of Ahangama and featuring a pool, a poolside bar with restaurant upstairs and six-bedroom luxury accommodation.

A holiday home overlooking the Indian Ocean and only a few metres away from the famous Kosgoda Turtle Hatchery, Saffron and Blue by Jetwing is a four bedroom villa designed by Channa Daswatte. The prime feature of the villa is its bedrooms, placed around a main living area. Plenty of open spaces are available, along with a 40ft pool with a pool terrace.

Overlooking the Indian Ocean and accompanied by a virgin stretch of beachfront is Villa 700, situated in Induruwa. With three bedrooms and a pool, Villa 700 provides the comforts necessary to unwind, and the base to embark on a journey of discovery.

The other addition is the Haridra Resort and Spa by Jetwing near the town of

Wadduwa. Combining leisure and tranquillity together with Sri Lankan Ayurvedic healing, the Haridra Resort and Spa by Jetwing features 32 suites which overlook the Indian Ocean, and feature en-suite bathrooms along with private balconies.
