

Jewel Laurel exhibits its range in China Trade Fair

Jewel Laurel showcased its exclusive range of sparkling gemstones and gem-studded jewellery at the South Asia Economic and Trade Cooperation and Commodity Trade Fair 2012, held in Chengdu District in Sichuan Province of China recently. This was the perfect opportunity for Jewel Laurel to exhibit its globally renowned brand and its latest high-end product range in the People's Republic of China. A name synonymous with glamour, class and quality in the UK, Europe and Canada so far, Jewel Laurel now takes pride in serving the bold and beautiful of China as well.

The mammoth Trade Fair and Expo, organised by the Government of China, was the first ever designed to promote authentic gems and fine gem-studded jewellery to be held in Sichuan province in the district of Chengdu and it was a grand success for Jewel Laurel who cashed in on the opportunity to be there. Being the only Jeweller of repute to represent Sri Lanka at the exhibition, Jewel Laurel thereby upheld Sri Lanka's world famous legacy with regard to genuine gemstones and fine hand-crafted jewellery as recalled from a bygone era in our nation's history.
