

The Kingsbury transforms apartment living

Posted on

The luxury interiors of The Kingsbury apartments

Many business and leisure travellers, travelling with families or in groups, are opting for the comfort of serviced apartments to experience the convenience of a 'home away from home', the main reasons being the ability to enjoy homely comforts and, for business travellers, the ability to work and engage in intimate gatherings in privacy. Lalin Samarawickrema, Managing Director of The Kingsbury and an Executive Director of Hayleys Group explained, "The Kingsbury apartments fulfills a long felt need in the city of Colombo for many reasons; five-star service at your doorstep, cosmopolitan elegance to suit the lifestyles of today's discerning travellers and its central location giving easy access to all of Colombo".

The Kingsbury has transformed apartment living by eliminating the claustrophobic feeling for one with space that extends to 2,400 square feet. The all-glass floor to ceiling windows offer resplendent views of the ocean and the city of Colombo as well as a feeling of infinite space, let in plenty of natural light and your apartment will be bright and airy just like at home.

The Kingsbury apartments are well appointed with contemporary furnishings in a soothing palette giving a distinctive cosmopolitan look-n-feel. They are available in five categories; Ocean Premier (4 bedrooms), Ocean View (3 bedrooms), Premium City View (3 bedrooms), Deluxe City View (3 bedrooms) and Superior City View (3 bedrooms). The fourth floor is dedicated for recreation and has a swimming pool, a sun deck, gymnasium and sauna. The Kingsbury's own Senses Spa, the Lobby Bistro and a meeting room are other features.

The apartments are complete with branded linen and Bvlgari designer bath amenities. Scott Mawhinney, General Manager says, "What sets us apart is our personalised service and genuinely friendly disposition of our teams."
