The pop up took place at Crab Kitchen, the only restaurant in Sanya that specializes in serving crabs of different sizes and varieties including the iconic Sri Lankan Crab. Taking over this colonial style restaurant for three nights, the Ministry of Crab Team plated up some of their most well-known dishes which included the creamy and decadent Crab Liver Pâté, the rich and savoury Baked Crab, the flavoursome Garlic Chilli Prawn and the fiery Pepper Crab. Diners were able to sit through an exclusive dining extravaganza showcasing the fine flavors of the crustaceans coupled with bold Sri Lankan spices.

Renowned for his commitment in using only the freshest produce backed by his technique of using simple preparations to bring out the flavor of each ingredient, chef-restaurateur Dharshan Munidasa continues to showcase the best of Sri Lanka's ingredients to the world. "It was an honor to be invited by Atlantis Sanya who themselves have an in-house Crab restaurant which uses Sri Lankan crab," said Chef Munidasa, "We were able to stay true to the ingredients of our island by using Sri Lankan Crabs featuring our spices and to share this experience with the patrons in China. Special thanks go out to the team at Atlantis Sanya for their continuous support towards making this event a great success."
