The round II of the Mobitel Drag Championship 2018 took place at the Katukurunda Racetrack; organised in collaboration with the Ceylon Motor Sports Club (CMSC), Drag Racing Association of Sri Lanka (DRASL) and the Sri Lanka Air Force (SLAF).

The main sponsor of the event, which was held in August, was Mobitel and their vehicle partner was SML Frontier Automotive.

The Championship was organised in order to generate funds for charity, with the main benefactor of the project being the Air Force Seva Vanitha Fund; a government charity organisation.

The DRASL was in partnership with the Ceylon Motor Sports Club, the oldest motorsport club in Sri Lanka, which was founded in 1934. The Drag Racing Association of Sri Lanka was established in November 2017, by five individuals who are truly passionate about drag racing. The club was initiated to bridge the gap between drag racing enthusiasts and professional racing organisers.
