New Infinity Pool At Ramada Colombo

Posted on

The new infinity pool

The newly upgraded infinity pool at the garden terrace of the Ramada Colombo also features a large Jacuzzi. There is a choice of tropical fruit juices available on the beverage menu and the breakfast buffet is served by the poolside. The area surrounding the infinity pool has been landscaped by the six-time gold medalist of the prestigious Chelsea Flower Show, Mike Harridge. The carefully selected plants and flowers have been put together to create a relaxing haven in the busy city. There is also a water feature to enhance the ambience.
