The outdoor area of 'The Boulevard'

Inspired by the centrepiece of New York Culture – Broadway, Tasty Caterers have now opened their latest restaurant – The Boulevard on 33, Queens Road, Colombo 03.

The restaurant experience is as exceptional as the food they serve. As you walk into the plush Fusion Restaurant evocative of the elegant sets of Phantom of the Opera or step out onto the Patio for a relaxed dining experience reminiscent of the sunny outdoor sets of Mamma Mia, the restaurant has been designed with comfort and elegance in mind.

Speaking at the launch of the restaurant, Kanthi Jeyamaha, Founder, The Boulevard said, “the innovative Broadway concept has never been used in the town before. The restaurant will showcase original Broadway posters adorning the walls and the Broadway musicals playing on the screens throughout the restaurant. We aim to provide a blend of unique dining experiences in a fusion food menu brimming with flavour.”

The Boulevard will no doubt join its counterparts, Café on the 5th and La Rambla as favourites in the Sri Lankan restaurant landscape.
