M Nakanishi, Deputy Chairman / Managing Director and Nimal Perera, Executive Consultant of Noritake Lanka Porcelain in discussion with President Mahinda Rajapaksa

Noritake Lanka Porcelain presented the latest Noritake Bone China designs to President Mahinda Rajapaksa. M Nakanishi, Deputy Chairman / Managing Director and Nimal Perera, Executive Consultant of Noritake Lanka Porcelain presented the new designs to the President.

Bone China is manufactured in Sri Lanka only by Noritake Lanka Porcelain. Bone China tableware, regarded as the ultimate development in the tableware industry,

is also the most expensive dining ware in the world. The characteristics of Bone China are pure transparency, glossiness, milky white coloration, and lightness. When compared to regular fine porcelain, Bone China Tableware has a much higher elegance and exquisite quality.
