

# OZO Colombo launches first Brazilian Churrasco style brunch

Guests watch as their meat is carved tableside

OZO Colombo marked the launch of Sri Lanka's first Brazilian Churrasco brunch at the Eat Restaurant in a gathering of food connoisseurs and distinguished invitees. Eat Restaurant was transformed for the event into little Brazil, as a troop of carvers came to the invitees' tables carrying skewers of different varieties of meat, which were carved at the table in typical Brazilian fashion.
