chandeliers glitter over designer furniture. Crystal and marble decorative centerpieces placed atop stylish coffee tables and floor lamps around the store exemplify the luxury standards. Rich drapery wrapped around racks is only a small selection of fabric that is yet to be discovered at Dilshan Drapers.

The first floor is dedicated to curtains with intricate and versatile designs that are pleated artfully. Printed cushion covers add a pop of color to the soft tones of the contemporary sofas and fabric chairs arranged throughout the space. For a well-dressed window, a variety of blinds are assembled into a designated shelf space to attract onlookers. Visitors can draw inspiration from the stylistically arranged store to beautify their homes.

Particularly for windows, Dilshan Drapers aspires to be innovative and offer unique products to their discerning clientele. The Scented Curtain is a fabric that emanates a fragrance and includes a mosquito repellent embedded in the material as well. Recently, the

company introduced the first automated curtain rail in Sri Lanka, known as the Smart Curtain. The motorized fitting operates via a mobile app, remote control or simple hand gesture when required to draw a curtain. Suede leather is another novel concept introduced in furniture upholstery. This is a guilt-free fabric with a natural leather appeal and is used for pillowcases, cushion covers, sofas, chairs and bed heads.

For customers who prefer more color in their interior décor, the third floor features vibrant curtains and bright cushion chairs to create a lively atmosphere. A selection of curtain rail displays enhance the luxury lifestyle concept.

On weekends, the rooftop terrace is converted into an open-air store where outdoor furniture collections are arranged on synthetic grass, which is a product offered by Dilshan Drapers so that customers can gain a visual shopping experience.

Dilshan Drapers provides a customer-oriented service, enabling their clientele to select exclusive products to decorate their homes in a unique style. The myriad of window solutions and home décor at Dilshan Drapers are handcrafted by Sri Lankan artisans, thus, translating their passion into each interior feature.
