

Upul Gamage, Director/General Manager - Edge Leisure Holdings receiving the award

After only being operational for three months, it is certainly a noteworthy accomplishment that the website of Reefs Edge Hotel, has been awarded the merit award for one of the three best hotel websites in the country.

'BestWeb.lk 2014' is a unique and innovative competition organised by the LK Domain Registry for the fifth time to recognise the best websites in Sri Lanka. The participants of the competition were judged on both creativity and technical achievement. The Panel of Judges comprising of industry experts in their respective fields with broad web expertise and ability to spot talent were tasked with judging the websites. The public too contributed by voting for their favourite site. The competition saw over 30 categories that were judged under strict criteria, out of which Reefs Edge was given an award in the Travel and Tourism sector. Reefs Edge Hotel is the first of the EDGE Chain, a hotel complemented with interior design concepts done by Aedas of Singapore and KWA Architects.
