

Sarees from Fashion Bug

Posted on

The newly opened branch of Fashion Bug at Maharagama offers the ardent saree lover a multitude of colours and designs at reasonable prices.

Sarees come in different materials from cotton, chiffon, crepe and georgette to silk and Fashion Bug houses most of these in trendy designs and patterns. Fashion Bug sarees also come in an array of colours to cater to a wider segment of the market and to suit the many different occasions they would be worn for; from the working lady in her daytime cotton sarees to elegant occasions that require more sheer materials with worked borders and other embellishments.

Fashion Bug's trained and friendly staff is ever ready to assist the customer in selecting the perfect saree for that special occasion and fitting it on, not forgetting to advice on the designs and colours that compliment the skin and body type.
