The exterior of a Jetwing Thalahena Villa

Jetwing Hotels unveiled Jetwing Thalahena Villas—a set of eight villas located in Negombo. Featuring unparalleled access to the beach and ocean, each villa features three bedrooms, a living and dining area, and a private swimming pool for the guests.

Designed and constructed according to Geoffrey Bawa’s ideals of open spaces,

expansive courtyards and spacious areas provide that important personal touch—one of homely hospitality and charm.

The rooms, as befitting the Jetwing brand, are simple yet elegantly adorned. Creating an atmosphere of comfort and indulgence, each room features a world-class bed, LED TV and lighting, air-conditioning, and attached bathrooms with hot and cold water. The villas also possess a fully equipped kitchen.

“Our villa collection is second to none, and we pride ourselves on properties that only give the very best to our visitors. With Jetwing Thalahena Villas, we look forward to expanding the industry of tourism to other segments, from all over the world,” said Hiran Cooray, Chairman – Jetwing Hotels.
