The entrance to Sleek Salon

Sleek Salon celebrates its 50th anniversary this year. Customers of Sleek Salon patronise the two branches, one in Mount Lavinia and the other in Bambalapitiya for the unique personal attention and care each and everyone of them receives.

Begun in the year 1962, Sleek Salon has consistently kept its promise of attentive personal care given to each customer for fifty years. Speaking about the core values of Sleek Salon, Ranil Perera, Managing Director of the salon said, “we provide an exclusive and a customer-oriented service for the benefit of the customer.” Thus, he has continued to be faithful to his father Morley Perera’s legacy, on which the salon was first built.

The thoughtful care that goes into ensuring a hassle-free experience for the salon's customers starts from the generous parking space at both premises and ends with the up to date grooming services each customer receives. Sleek Salon, Mount Lavinia is a complex of beauty care treatment and personal grooming.

The building is equipped with state-of-the-art rooms dedicated to hair styling, hair treatments, beauty treatments and hair dyeing as well as a VIP lounge where customers can receive personalised care and even get a complete make over done. Sleek Salon's main branch, located in Bambalapitiya, provides the same level of care and services. Both salons cater to ladies and gents. The salon stays open from 6am to midnight everyday of the week in order to cater to a wide range of customers from different walks of life. This is an added advantage that all Sleek Salon customers can enjoy.

Hair dressers and beauticians at Sleek Salon receive continuous training from Director Ann Perera who frequently visits the international arena of hair dressing and beauty treatment to update her substantial knowledge, thus ensuring that Sleek Salon's customers are pampered with the latest beauty treatments and hair styles in the world of style and beauty care.

It is due to this diligent care and constant updates that Sleek Salon aptly received the ISO certificate in 2012, the same year in which the salon celebrates its 50th anniversary.
