Spa Ceylon Opens In Three New Locations

Posted on

Odel Ward Place

Spa Ceylon has unveiled three new locations – Odel Ward Place, Citrus Hikkaduwa Resort and Kandy City Centre.

Set in the central atrium of Odel, the new Spa Ceylon Boutique is decorated in distinct Spa Ceylon branding and offers the complete range of Spa Ceylon merchandise laid out for the international clientele patronising this store.

The second new opening is at the newly opened Citrus Resort in Hikkaduwa, where a tranquil Spa Ceylon Resort Spa and Boutique are centrally located within the hotel. The spa combines traditional Ceylonese elements with contemporary Sri Lankan design to offer guests a uniquely indulgent Ceylonese spa experience. The extensive spa menu on offer consists of more than 25 carefully designed signature Spa Ceylon rituals inspired by Sri Lanka’s rich Ayurveda heritage and centuries-old Royal health and well-being practices in the grand palaces of ancient Ceylon.

The Kandy City Centre plays host to Spa Ceylon’s latest opening, with a compact Spa Ceylon Boutique decorated in iconic Spa Ceylon style located on level three of the mall, offering a wide range of spa and Ayurveda products as well as fragrant

home accessories.

Currently operating in nine locations across the island with several more new resort spa and boutique locations currently under construction, Spa Ceylon is well on course to have 15 locations open by winter, 2012. Internationally, Spa Ceylon plans to commence spa operations in India, Singapore and the Middle East later this year, while their products are expected to enter European markets by end 2012.
