Hauling stones for the restoration

A seventyfive-strong team of Cinnamon Lakeside Colombo associates assisted in the restoration of Abhayagiriya, a temple of immense historic significance. The project embraces the John Keells Leisure Group's commitment to the community as endorsed by one of its five pledges - "I Will Care".

Approximately three cubes of three quarter metal, bricks, stones and cement were transported to the top of the Dagoba by the associates. Together with Adriana and Alexandre Gruhier, the wife and son of Denis Gruhier, General Manager - Cinnamon Lakeside Colombo, the team also helped lay bricks and clear rubble.
