The team in front of the restored Galloluwa Jumma Mosque

Cinnamon Lakeside Colombo built an 82 strong team of volunteers to carry out their latest CSR project at the Golloluwa Jumma Mosque in Minuwangoda. Members of staff from all departments of the hotel participated in the renovation and restoration project of the Mosque.

Cinnamon Lakeside Colombo has been active in their CSR projects starting their cultural restoration journey off with the Abhayagiriya temple and the hotel has completed the circle with the restoration of the Jumma Mosque.

Standing by the John Keells pledge "I Will Care" the team joined by General Manager Denis Gruhier, worked tirelessly together to restore the mosque to its former glory. Beginning with the main structure, the volunteers white washed the front of the mosque cleaning the existing algae, painted the front gate and side wall along with clearing the overgrown garden which stretched over four acres.
