Reputed for their 95 percent fat free Froyo and delectable macaroons, the Avirate Café stands as a coffee house and tea salon that offers a convivial atmosphere to customers of all ages. Warm, refined and elegant, the café is suitable for all casual outings. The unique décor of the café is inspired by the stark interior of the store comprising of wooden and glossy white tiled floors, textured dull gold fixtures and arty silhouettes. Focussing on a variety of treats, which are considered fast moving, the café prides itself on serving items that are of French and Italian descent and uniquely Sri Lankan.

Due to high foot falls, Avirate Café is now looking to expand across Colombo and provide a bigger space for its customers. Patrons of the café can simply relax or work at the café while enjoying free Wi-Fi or if you are in a hurry, you can grab a take away. The café is open from 7.30 am to 9 pm and ample parking space is also available for visitors.
