Tree Planting CSR Project at Baseline Railway Station by Rainco

Posted on

Tree planting ceremony

Rainco implemented a community project by planting trees at the premises of Baseline Railway Station. 30 saplings were planted along the open ground opposite to the main platform which will be tended with water and manure courtesy of Rainco, under the guidance of a professional horticulturist until the plants reach a healthier condition to grow on their own.

The opening ceremony was held at Baseline Railway premises. Chairman of Rainco, Board of Directors and Senior Managers, General Manager of Railways Department, Senior Officials of the Department, Station Master of Baseline Railway Station and his staff were present for the inauguration of this event.
