Quaint and pretty; the Swiss Bakery and Café.

The Rouge Bar and Lounge has distinctively different atmosphere with plush red furnishing and an exuberant lighting feature that catches your attention as you step inside. As its name reflects this space is primarily a bar serving a wide selection of beverages together with snacks.

However, if anyone would like to have dinner at the Rouge Bar and Lounge, they can simply order from the Mad Dogs menu, which would be served to the guests at the bar. With a festive atmosphere, and a seating capacity of 120 pax, it is an upbeat space to unwind and enjoy.

Quaint in appearance with a distinctively European interior highlighting pastel yellow and blue furnishing, the Swiss Bakery and Café serves French style confectionary as well as a wide range of baked goods and sandwiches.

It is the ideal setting to enjoy an afternoon tea or coffee inside the café or outside watching the day pass-by. The outdoor sitting area provides a relaxing space with the ancient banyan tree providing the shade. Sculptures of children playing in its vicinity provides a beautiful atmosphere for comradery and friendship. The architecture of the promenade is unique and sets it apart with beautiful scallop like features on the roof and four bell towers enhancing its appearance.

The Banyan follows all procedures to ensure the safety of its guests during this COVID-19 pandemic period. Guests can also opt to have take away or have their food delivered to their door steps. While it is still the initial days of reopening after the lockdown period, the Banyan hopes to gradually re-introduce many of its activities such as musical bands with time. Negombo is gradually coming alive again and the Banyan is definitely the place to enjoy a wonderful evening under the

beautiful banyan tree.
