ck equal watch

W A De Silva presents ck continue, ck equal and ck dart. Inspired by the simple elegance of a vintage clock, Calvin Klein equal features a round case in either polished steel or polished PVD gold and it is countered by off-centre hour indexes. The PVD gold style features a silver dial, while the stainless steel version is offered with either a black or a silver dial. Each watch is finished with a classical black or white strap and discrete ck Calvin Klein logo at 12 o'clock. Designed with multilayer construction and real rubber, ck dart is available in six unique styles. This masculine watch comes in a bi-colour style with a stainless steel and PVD black case, black dial and black rubber strap. A monochrome black version comes with polished and brushed PVD black case, dial rubber strap; and a stainless steel with navy dial

and navy rubber strap. ck continue set is discreet yet decorative. Each three piece in this set is available in either polished stainless steel or yellow gold PVD. The delicate offering includes a pendant necklace that has a chain length of 450mm, a ring which is available in sizes five to nine and subtle earrings.
